## Interview Guides

### Guide 1 – Embassy Staff and Project Officers

**Introduction**

- Please introduce yourself, your position and your responsibilities
- Since when are you in this position?
- What is your relation to the 3 strategic cooperation areas of "peace and security", "democracy and human rights", and "inclusive economic development"?

Which of the case studies are you most knowledgeable about:

I. PS1 – Access to Justice
II. PS2 – Rule of Law Joint Programme
III. iPS3 – Kvinna till Kvinna
IV. DHR1 – Land Commission & Land Authority
V. DHR2 – Community Recovery (CST, CSC)
VI. DHR3 – Action Aid SRHR
VII. IED 1 – Markets & Value Chains
VIII. IED 2 – Prospects
IX. IED 3 – Feeder Roads Projects

**Appropriateness of Strategies**

From your experience to what extent have Swedish strategies been realistic and feasible in light of development constraints and opportunities in Liberia?

a) How would you assess the selected areas of engagement vis-à-vis other areas?

b) How would you assess the level of ambition and feasibility that the strategies prescribe for development cooperation?
c) How do the strategies fit to development constraints and opportunities in the country?

What are the main feasibility assumptions and constraints that inform the strategies and how well do they reflect the realities in Liberia?

**Fostering Ownership**

To what extent was the consultation and strategy development process conducted in a way fostering ownership of Liberian counterparts?

**Relevance & Coherence of Portfolio and Activities**

What was your impression of the Swedish portfolio when you began working in Liberia?

From your experience, how has the portfolio evolved over time and what were major changes?

Did the current strategy provide you with relevance guidance for implementing a relevant and coherent portfolio? Which other factors shape the portfolio?

How have you approached implementing the strategies in your portfolio in the relevant strategic areas?

To what extent do the strategic areas, sectors of intervention and initiatives of the portfolio relate to strategies and policies of the Liberian government?

- Please provide some concrete examples if possible, deriving from Liberian context to project and portfolio

To what extent do the strategic areas, sectors of intervention and initiatives of the portfolio relate to needs of the target populations and broader Liberian society?

- Please provide some concrete examples if possible, deriving from strategic guidance to project and portfolio

Are there any contradictions or differing interests within or between the Swedish strategy, Liberian government priorities and the needs of the broader population? If so, how have you dealt with them?

What role does politics play in shaping the portfolio and implementation and how do you deal with it?

To what extent has gender equality, as a cross-cutting issue been considered in the Swedish portfolio (including in interventions in which it was not a primary objective?)

**Results and their sustainability**

Overall, how successful have Sweden's initiatives been in achieving intended objectives?

For specific projects that you know about – which were the most important results achieved?

To what extent and in what ways have Sweden's initiatives in Liberia contributed to peace and security, democracy and human rights, and inclusive economic development between 2003 and 2021?

Can you identify main factors of success and failure across different projects?

To what extent do the various aid modalities represent factors of success or failure for the project implementation and achievement of objectives in the Liberian context? To what extent did some aid modalities prove more adequate than others in the specific (fragile) context?

a) Project based funding to INGO / Swedish NGO / Liberian NGO
b) Contribution to specific-purpose funds
c) Project based funding to UN partners
d) Project based funding to Swedish agencies
e) Project based funding to Liberian agencies

How plausible are the causal mechanisms set out in the different strategic areas and across them? What are the mechanisms in the project from activities to impact?

a) Peace and Security 1: If judicial and security institutions are supported, then formal legal systems and access to justice are improved, which contributes to strengthening (local) rule of law, resulting in a strengthened social contract in the democracy and greater respect for human rights.
    a. Rule of Law Joint Programme, ActionAid SRHR
b) Peace and Security 2: If traditional judicial and security institutions are supported, then traditional (local) legal systems and access to justice are improved, which contributes to strengthening (local) rule of law, resulting in a strengthened social contract and greater respect for human rights.
    a. Carter Center Access to Justice, ActionAid SRHR
c) Peace and Security / Inclusive Economic Development 3: Better opportunities and tools to enable poor people to improve their living conditions result in a reduction of violent activities and conflict, and vice versa.
    a. Cross-Cutting
d) Democracy and Human rights 1: If support to election, reform and decentralisation processes in public administration is provided, then the capacities in public administration are strengthened, resulting in a contribution to greater respect for human rights is made.
    a. Carter Center Access to Justice, Land Commission & Authority

e) Democracy and Human rights 2: If civil society, especially women rights‘ organisations, are supported, then the capacities of civil society to promote accountability and respect for human rights are strengthened, and as a result a contribution is made to greater respect for human rights.
    a. ActionAid SRHR
f) Democracy and Human rights 3: If civil society, especially women rights‘ organisations, are supported, then (local) participation (of women) in political processes is increased, and as a result it contributes to gender equality.
    a. ActionAid SRHR; cross-cutting
g) Inclusive Economic Development 1: If support to infrastructure and efficient transport networks is provided, then access to markets is improved, which improves access to basic services, particularly for marginalised groups.
    a. Feeder Roads, Community Recovery CST, CSC
h) Inclusive Economic Development 2: If support to infrastructure and efficient transport networks is provided, then business opportunities are improved, giving poor people better opportunities and tools to improve their living conditions and ultimately contributing to inclusive and sustainable economic development and poverty reduction.
    a. Feeder Roads
i) Inclusive Economic Development 3: If support to market development and integration is provided, Liberias integration into value chains is improved and productivity increases, which leads to better opportunities for people to improve their living standards and poverty reduction.
    a. Community Recovery CST, CSC; Markets & Value Chains; Prospects

To what extent have Sweden's interventions in Liberia led to (positive or negative) unintended results, between 2003 and 2021?

a) Can you name any examples from projects you are familiar with?

b) Are there any examples of more long-term unintended trends and results?

How have Sweden's interventions reacted to them?

To what extent have external factors or framework conditions impacted Sweden's achievement of results (positively or negatively)? (e.g. Ebola, Covid, ...

To what extent have Sweden's initiatives responded to changes in the environment over time?

a. Can you also give a concrete example of any long-term shifts and how the response was?

Which long-term Impacts do you see of Swedish development cooperation overall since 2003?

a) What were the main 3 contributions of Swedish cooperation that you would highlight?
b) What were main impacts in the 3 strategic areas (peace and security, democracy & human rights, inclusive economic development)
c) In hindsight, how could Sweden have achieved more sustainable impacts?
d) How is the gender dimension reflected in the long-term impacts?

For specific past and present interventions that you know about - to what extent can achieved results be assessed as sustainable beyond the project duration?

For specific past and present interventions that you know about - which factors have you seen that threaten the sustainability of results? Which risks do you foresee?

For specific past and present interventions that you know about – which measures are taken to ensure that the work continues or is taken up by Liberian partners after the project's end?

**Effectiveness of Coordination**

Which are the main actors to be aware of for Swedish development cooperation in Liberia?

To what extent have Sida's initiatives in Liberia, in their design and implementation, been coordinated with other Swedish and international actors' initiatives?

a. What are the platforms and mechanisms for (donor) coordination?
b. What is the role of the Liberian government in (donor) coordination?
c. What is the role of the UN in (donor) coordination?

To what extent has coordination in Liberia faced challenges and where do improvement potentials exist?

To what extent have unjustified overlaps/duplications occurred between initiatives in Liberia, leading to a risk of low additionality or dead weight?

a) Overlaps, duplications or gaps geographically
b) Duplications or contradictions in the thematic approach
c) Duplications or contradictions with the methodological approach

To what extent have synergies been leveraged between Sida's initiatives and other Swedish and international actors' initiatives?

**Lessons for the future**

If you could give your successor one key learning for the future, which would it be?

If you could give yourself one key learning in hindsight, which would it be?

Which lesson from Liberia would you give to colleagues working in other contexts?

Which recommendation would you give to the Swedish government?

How do you see the prospects of Swedish bilateral cooperation with Liberia in the next 5 years?

Are there any other topics you wish discussing?

## Guide 2 – Implementing organisations and partners

### Introduction

*Please remember we are not doing an evaluation of your specific project but are rather trying to derive lessons and pattern to get a general picture of Swedish engagements.*

## Guide 5 – Beneficiaries

**Introduction**

Please introduce yourself

What were the main challenges for you / your household / your community in the last 20 years?

How did the living standard and general well-being of your community develop over the last 20 years

What is your relation to project we are discussing today?

**Questions about the project**

Can you tell us what the project is about?

How did you first hear about the project? Were you involved in deciding what it should do?

What has the project achieved for you and your community / household?

Does the project address key needs of you / your household / your community or would you say more support is needed elsewhere?

Does the project address the topic of gender? If yes, how?

Before it started, what were your expectations and were they met?

If you could change 2 things about the project, which changes would you make?

Do you think you/your community/household will benefit from the project in the long term? If yes, how?

Are there any contradictions between your needs, the government priorities and the project's priorities or are they well-aligned?

Are there other projects in the area? How do they fit to the one we are discussing? Do they contradict or support each other?

Have you participated in any other projects in the past that were related to Sweden? How have they affected your life?

Are there any other topics you wish discussing?
